SMASH RACISM SMASH CAPITALISM

FESTIVAL

WEXFORD
2000

"The 21st century will see new generations enter the arena of struggle, with earth shattering results. The angry demonstrations in Seattle, Washington and London usher in a new era but they are only the beginning. "Resistance allied with socialist ideas can pave the way for real change in our society. I'm delighted to give my full support to the Smash Racism, Smash Capitalism Weekend."

**JOE HIGGINS,
SOCIALIST PARTY T.D.**

take time out
